Summary:

On 23rd September 2025, a Basic Life Support and First Aid Training Camp was organized at Kusum Lata Dr. Santosh Saraswati Vidya Mandir in Rajnagar, Ghaziabad, initiated by the Rotary Club of Ghaziabad South End. The project was chaired by Rtn. Dr. Alok Goel and Rtn Neetu Agarwal. Around 100 students participated in the session conducted by Senior doctors from Max Hospital.

Training Details:

The doctors brought a life-size model and demonstrated the complete process of CPR and explained the steps and in which conditions CPR should provide to person .

Doctors also explain how to provide CPR to children (up to 6 years)

Students practiced on the model and learned all the steps thoroughly. In addition to CPR, they were trained on first aid techniques and how to handle emergency situations.

Project chairman Rtn. Dr. Alok Goel motivating the students. He explained the significance of Basic Life Support and first aid, emphasizing that sometimes a decision made within a few seconds can save a life. You can save life if you have knowledge. He stressed the importance of time in emergencies and inspired the students to stay alert Calm and confident in such situations.

Students were taught to remain fearless, act quickly, and provide immediate aid to anyone in need. The doctors answered all the students' questions and covered various first aid topics including bleeding control and dealing with unconsciousness.

Motivation and Certification:

The students were highly motivated, practiced actively, and asked the query from Doctors team , **Trained Students received certificates from the chief guest DGE Rtn. Amit Gupta ji and Special Guest AG Rtn Sanjay Agarwal ji explain the students use of this training** . The event concluded on a positive note with the assurance that future sessions would be held to further their learning and preparedness.

The camp was a major success, empowering students with essential life-saving skills, building their confidence, and making them more capable of handling emergencies in their families and communities.

Follow-up visits are planned after one month and three months to check progress.
