Date: 23rd September 2025

Students learned how to make seed balls, plant them, and were provided with trays, soil, with compost, and seeds. All students showed great interest, asked questions, and participated actively.

Importantly, each student was given a 'Tree Keeper' badge to instill a sense of responsibility and commitment towards trees and highlight the Rotary Public Image . They were requested to wear this badge daily as a reminder of their role in nurturing and protecting the environment.

Follow-up visits are planned after one month and three months to check progress, certificates and Gifts will be awarded to some students for their best work and seriousness about project and their efforts.
